Dear Acorn Engineering,

I am writing because I read that you were recently named "Contractor of the Year" by Cumberland County Soil & Water District. Congratulations! As the first engineering company to receive this award, you have shown you are one of the best. I wish you luck with your future endeavors.

Please feel free to contact me should you need anything in the future.

Best wishes,

Senator Justin Alfond

~ an awesome honor! Best of luck with business in
2010.
